

KALDEWEI

Europe's No. 1 for baths

KALDEWEI

**COMFORT-LEVEL/
COMFORT-LEVEL PLUS.**

Bathing pleasure with up to 50 mm more depth.

REGULATE YOUR BATHING PLEASURE: WITH THE KALDEWEI COMFORT-LEVEL/COMFORT-LEVEL PLUS.

For maximum possible pleasure and relaxation in the bathtub, it is not only the comfort when reclining which is a deciding factor but also how deep you can immerse yourself. With the Kaldewei COMFORT-LEVEL and COMFORT-LEVEL PLUS you can regulate the depth of the water as you bathe to suit your personal preferences. Simply by turning a lever – without actually emptying the bath in the process.

GENERAL INFORMATION:

- water level can be increased by up to 50 mm for more bathing comfort
- continuously adjustable
- “technical components” are invisibly integrated into the knob
- complete with fitting
- visible parts chrome
- suitable for all Kaldewei baths except DYNA DUO and KUSATSU POOL
- not suitable for whirl baths

reddot

COMFORT-LEVEL, low water level

THE COMFORT-LEVEL PLUS.

The COMFORT-LEVEL PLUS is an innovative development of the COMFORT-LEVEL and now provides even more comfort when bathing:

- integrated filling function
- no additional fitting required to fill the bath
- despite its additional function, the COMFORT-LEVEL PLUS protrudes only a few millimetres more than a standard fitting into the inside of the bath

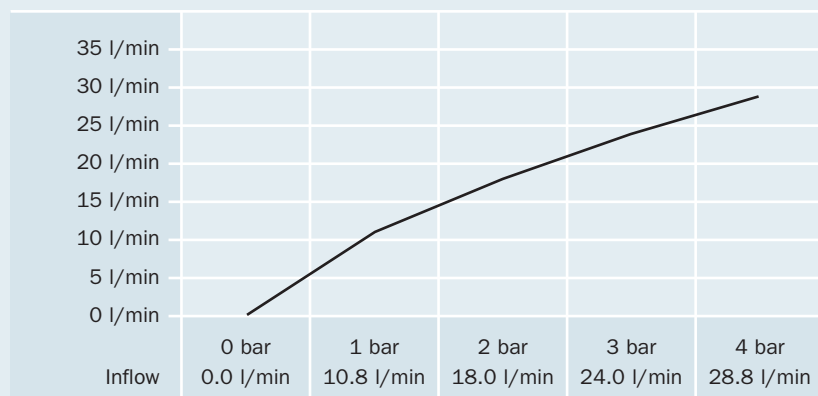

Low water level: lever on side
Deep water level: lever on top

Integrated filling function

TECHNICAL DATA:

The COMFORT-LEVEL and COMFORT-LEVEL PLUS satisfy the requirements of DIN EN 274 – Waste fittings for sanitary appliances.

Draining capacity (both models):
0.85 l/s at 300 mm column height

Overflow capacity (both models):
0.6 l/s at 60 mm column height

Inflow
(only COMFORT-LEVEL PLUS):
24 l/min at 3 bar
(refer to graph for further information)

A pipe interrupter is required for the COMFORT-LEVEL PLUS; this is not supplied.
